BT Graphite 1100 Twin Cordless Phone

mfr#: 038555

Description

Avoid unsolicited sales calls and interruptions to your private time at home. Visit www.bt.com/privacy to give you more control over who you speak to.

Don't forget to order your Phonebook Companion Guide

Need an extra phone line? Get BT Broadband Talk

Available with multiple handset options

Key Features

50 Entry phonebook

Store up to 50 of your most frequently used numbers to make dialling quick and easy.

Handsfree speaker in the handset

Need both hands free? Press the Handsfree button and continue the call without needing to hold the handset. Because you can hear and speak to your

caller through the handsfree speaker, other people can join in the conversation

caller through the handsfree speaker, other people can join in the conversation.

Caller Display and calls list(1)

See who is calling you before you answer the phone. The calls list holds details of your last 40 callers, including the phone number and time and date of the call.

Call Waiting(1)

Call Waiting alerts you with a soft beep if someone tries to call while you are already on the phone. Used with Caller Display, you can see who the second caller is.

Add extra handsets without adding phone sockets

Use up to 5 GAP compatible handsets with the BT Graphite on a single phone line - using just one phone socket.

Have you got enough handsets?

The BT Graphite 1100 range is available in 1, 2, 3 or 4-Pack versions. You can have a phone in each room - without the need for extra wiring or phone sockets.
